SUBJECT

Construction of a draw well at Chanmagiri

The DPH
L 6052 dated 14.2.45
Approves

3/3

Continuation Sheet — File No chinnagiri water supply 6317/L — Current No — of — Page

From the D C Shimoga Dl-

No D3 P L 388 C 2343 & 3 dated

Requests orders as to whether the work re the construction of a draw well at chinnagiri at an estimated cost of Rs 2500/- may be stopped or it might be taken up & completed

1) His letter stated that the Minister was pleased to order at the time of this visit to the Town to stop the above work and to take up the general water supply scheme of the Town which was in this Office letter of 8-7-1943 ordered to be deferred till the return of normal conditions, for want of machinery required to carry out the scheme

E-2315 of 8 7 43

2) As there is no improvement in the conditions, the required materials cannot be obtained even now to carry out the general water supply scheme. Moreover even a grant of Rs 1250/- is available for the construction of a draw well which work may perhaps be ordered to be taken up and finished early for the reason referred to at A

A

3) Submitted

Draft 6/4 4) The D C should orders of the work of constructing the draw well at Chinnagiri may be stopped or whether it may be continued & completed The premises &

chennagiri water supply

12) The D P H reports that, as the chennagiri municipality are not willing to take up either of the two schemes proposed by the Sanitary Engineer — one costing Rs 1,50,000 (revised estimate of the original scheme) and the other costing Rs 1,010,000 for the immediate requirements for the improvement of water supply at the place, the estimates in this respect are filed

13) It is for orders of the Govt of the D C Shimoga at may not be called for in the matter

14) subject with reference to para 6 supra 15 — these estimates are very costly in a 25/1 for a small municipality like Chennagiri for perusal and reference to para 9 supra

SUBJECT Construction of a draw well - Chennagiri Twon

In forwarding herewith an original report No M L C 102/43-44 dated 13-2-44, received from the President, Channagiri Municipality on the subject noted above, I have the honour to state as follows -

With a view to ~~abviate~~ obviate the water scarcity experienced by the Town people of Channagiri, Govt in their order No L 8778-9/M1 103-42-5 dated 2nd March 43 sanctioned a grant of Rs 750/- from out of the Water Supply Scheme for 1942-43

The Municipal Council got an estimate prepared for Rs 2,500/- and sanctioned the same, agreeing to bear moiety of the cost from out of the Municipal funds and requested that the other half might be met from Government grant According to this, the local body and the Govt had to bear Rs 1250/- each To cover the balance share of Govt cost, Govt in their order No L 600-3/M1 68-43-7 dated 11-12-43 sanctioned a further grant of Rs 500/- from out of the current year's Water Supply Grant(1943-44)

The bill received for drawing the Govt. grant in question viz Rs 500/- during the current year was countersigned and sent to the Municipal President for taking further action regarding the carrying out of the Well Work

In the mean while, the President has reported that during the recent visit of the Minister for the Local Self Govt and Public Health to Chennagiri Town i e on the 10th Feb 44, he was pleased to state it would be better to take up the Water Supply Scheme of the Town by supplying water through the bore wells by putting up pipe lines It is further stated that the Minister was pleased to instruct the President to stop the work for the present

The President reports that as the Well Work in question is being carried on by the Public Works Department he has addressed the Assistant Engineer in the matter

I write to state in this connection that as regards taking up the Water Supply Scheme of Chennagiri Town at an estimated cost of Rs 46,125/- through pipes from the bore well, Govt have in their letter No L 315/M1 74-42-7 dated 8th July 1943, intimated that the proposal might be deferred till the existing conditions return to normal

In the circumstances, I solicit the favour of orders of the Government as to whether the construction of a draw well at Chennagiri Town, for which Govt have sanctioned a total grant of Rs 1250/- may be stopped, or whether the work might be continued and completed

The favour of early orders are solicited

I have the honour to be,
Sir,
Your most obedient servant

Humble Petition of the Residents of Chennagiri To
Shimoga District, in respect of an incorpleted well
in Pete Chowk

Most Respected & Esteemed Sir,

We humbly and most respectfully beg your kind honour's leave to submit the following for favourable consideration and orders

The long cherished desire of the residents of Chennagiri Town to have a Well for which they had applied to the authorities many time, was assured to be fulfilled by the benign Government and the work of the digging the well was actually commenced and about 26 to 27' Mud has been removed

While this was the situation, during the recent visit of the Minister for Health , the Honourable Minister Observed that in view of the proposal to provide Electric Lights and Taps the completion of the well would be unnecessary and now, we learn that orders have been issued to close the said Well and the P W D would take up closing of the well shortly

We respectfully submit that in spite of our town getting the proposed tap in future a well in the locality of Pete Cheuk of Chennagiri Town is a necessary asset to the poor residents round about who have to actually bring water from very long distance and about 300 families will be benefited

by the said well if completed More over the situation of the well is very near to Shandy Maidan and its use on Shandy Day will be very much more than could be expressed. Added to this as the locality is full of thatched sheds, the existence of well would guard the havocks of fire accidents during summers

For all these reasons we humbly and most respectfully pray your kind honour to be graciousl pleased to order the continuance of the construction of the well as the same is almost 3/4 over and about 10 feet digging would easily fetch water

For which act of kindness we shall always be grateful

We beg to remain,
Most Respected & Esteemed Sir,
Yours ever most obediently,

Re Water supply to Channagiri Town

In continuation of this office No 1455 dated 26-6-1944 on the above subject, I have the honour to state that the revised proposals for water supply to Channagiri town were got up and scrutinised in this office The president, Town Municipal Council, Channagiri, was informed in this office No 559 dated 9-9-1944 that two alternative proposals have been worked out, the first one being a revision of the original estimate amounting to Rs 1,50,000 at current market rates, and a second estimate amounting to Rs 1,00,000 to meet the immediate requirements at current market rates, and requested to intimate which of the two estimates would suit the financial conditions ofthe Municipality The President states in his letter No C R 86/44-45 and 12-11-1944 copy enclosed for kind information that the Town Municipal Council has resolved at its meeting on 5-11-1944 that they cannot take up any of the schemes due to its financial condition The estimates are therefore lodged in this office for the present

---

Letter No C R 86/44-45 dated 12th November 1944, from the President, Town Municipal Council, Channagiri, to the Sanitary Engineer, Bangalore

---

With reference to your letter No 509 dated 9-10-44, I have the honour to state that the Municipal Council resolved on 5-11-44 at its meeting that at present this Municipality cannot take up the schemes due to its financial condition
